

## Home Learning

Every Monday, a virtual assembly will be posted on Mrs Geldard's and Mrs Hankin's Teams. If you have siblings at home, why not let them watch it together?

## Home learning Assemblies

Your child's class teacher will be uploading the assembly for their class during the week next week.

## Did You Know?

"Forty" is the only number that is spelt with letters arranged in alphabetical order.

Conversely, "one" is the only number that is spelt with letters arranged in descending order.

## Meeting Other People

It is against the law to meet socially with family or friends unless they are part of your household or support bubble. You cannot leave home for recreational or leisure purposes (such as for a picnic or a social meeting).

## Exercising

You should minimise time spent outside your home, but you can leave your home to exercise. This should be limited to once per day, and you should not travel outside your local area. You can exercise in a public outdoor place: by yourself, with the people you live with, with your support bubble (if you are legally permitted to form one), in a childcare bubble where providing childcare or, when on your own, with 1 person from another household. When around other people, stay 2 metres apart from anyone not in your household - meaning the people you live with - or your support bubble. Where this is not possible, stay 1 metre apart with extra precautions (like wearing a face covering).

## Twitter

If you use Twitter, please follow us on Twitter (@lancylane.)

## School Laptops / Internet Access

As yet, the seven laptops Lancaster lane has been allocated haven't been able to be ordered. We will keep trying! If you are struggling with broadband access please let me know by emailing [head@lancasterlane.lancs.sch.uk](mailto:head@lancasterlane.lancs.sch.uk) and I will look into the DfE help pages for this.

## School Website

There are some links under each section of the Home Learning pages to help you extend your child's learning.

## And finally ....

*It's ok not to be ok.*

We are here for you in school if you need anything. Please phone us even if it is just for a friendly chat.

## Early Learners Pre-School

Having fun in the shaving foam

## Outside Achievements

A year 4 child has raised £100 for the Lancashire Minds: Lancashire to Lapland event. He danced, star jumped and completed 10 miles walking throughout December for the event. He also came runner up in their Elfie Selfie competition.

## Online Safety Tip

### Microsoft Teams Top Tip

If you or your child is stuck if you type / followed by a key word (such a written guide appears with further information.

# Safety Tips for Parents & Carers

### BLOCK USERS

If your child is receiving inappropriate messages or finds themselves being harassed or abused on Teams, they can block these contacts from the privacy control in the settings menu. To add an extra layer of protection, you can also block contacts whom hide their ID to protect children from communicating with people they don't know.

### PROTECT PERSONAL INFO

It's a good idea to talk to your child about the importance of keeping their personal information private and secure. Children should only give out the minimum information they need to when creating an account and understand that if other people request their personal details from them, they should avoid providing it and report any concerns to a trusted adult.

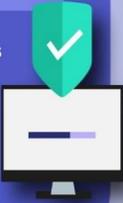

### ENABLE BACKGROUND BLUR

To help protect your privacy during a video call or live stream, it may be a good idea to blur the background or even add a background effect. This can easily be done by clicking 'Background effects' before joining a meeting after which you'll have the option to blur your background, replace your background with one of the images provided or upload and use an image of your own.

### UPDATE COMPUTER SECURITY

It's important to ensure you perform regular computer and software updates, as these patches often improve security flaws and minimise your vulnerability to cyberattacks. Having your own computer security or anti-malware software is another level of defence in minimising the chances of an attack from viruses, malware and other harmful programs. Ensure this is updated everyday so that it is able to protect you against the very latest threats.

### TALK ABOUT RISKS

As a parent, talking to your child and making them aware of the risks of working and communicating online can help them to be more digitally resilient. Perhaps outline a set of agreed do's and don'ts and try to ensure young people know what to do if they are made to feel uncomfortable or experience any negative behaviour or activity.

### AVOID VIDEO/AUDIO

It's always a good idea to turn off your audio during live group calls when not in use. This can easily be done by muting the mic and will avoid others hearing anything personal in the background at home or at school. Similarly, if possible, try to encourage children to avoid using video call to help guard against any privacy concerns and limit the risks of viewing anything inappropriate or unsettling.
