## Breakfast Club

This week at Breakfast Club the children have eaten Easter Bunny crumpets.

## Stoppers After School Club

This week at Stoppers the children have been having fun with Easter crafts.

From 29 March, outdoor gatherings (including in private gardens) of either 6 people (the Rule of 6) or 2 households will also be allowed, making it easier for friends to meet outside. Why not arrange a meet up after school one day and send your child to Stoppers as a one off because you can book your child into Stoppers or Breakfast Clubs as stand alone nights. Just phone school and send the payment in with your child in a named envelope (Breakfast Club £3.50 and Stoppers £8.10) if you want your child to attend.

## Thank you

To you, our parents, thank you for all you have done to support the staff in school over this very difficult and challenging term. Your support and understanding is appreciated by us all. Thank you.

## Easter Holidays

School closes for the two weeks Easter holidays at 3.25pm today and reopens at 8.45am on Monday, 12th April. The staff and governors wish the children and their families a very safe and a very happy break from school.

## Positive Tests

If your child is showing symptoms of Covid 19 and receives a positive result after being tested, please email Mrs Geldard on [head@lancasterlane.lancs.sch.uk](mailto:head@lancasterlane.lancs.sch.uk) so that discussion can take place whether their class bubble will need to isolate and for how long.

## Thank you

Thank you to Miss Smith who has worked as a welfare assistant in school since October and leaves the post today. We will all miss you at dinner times but especially Year 6 and Year 2.

## And finally .....

Our eyes are placed in front of us at it is more important to look forwards than back.

## Online Safety Tip – Children aged 6 to 9 years old

### Parental control software

On computers and any other devices your child has access to, set the parental controls to the appropriate age, and enabling access to only appropriate content.

Buy or download parental control software, switch it on and keep it updated. There are many versions on the market, which work in different ways and available at a range of prices, some free.

The big four Internet Service Providers (ISPs) give their customers free parental controls which can be activated at any time. Check them out and take advantage of them.

Agree a list of websites your child is allowed to visit and the kind of personal information they shouldn't reveal about themselves online, such as the name of their school or their home address.

Set time limits for activities such as using the internet and games consoles.

Make sure your child is accessing only age-appropriate content by checking out the age ratings on games, online TV, films and apps.

Discuss with your older children what they should or shouldn't be showing their younger siblings on the internet, mobile devices, games consoles and other devices.

Discuss with other parents subjects such as what age to buy children devices that connect to the internet.
