Online Safety

2. Use a secure password manager.

A password manager is a handy app for storing all your passwords.

When you use a password manager, you can create strong unique passwords without any need to remember every single one. All you need to remember is the master password for your password manager app.

All major browsers also have in-built password managers. For example, when using Google Chrome, the browser will offer to save your password and if you are logged into your Google account, your passwords will be saved in your Google account so you can access them from your other internet-connected devices.

Internet Security and Anti-Virus software providers also offer their own versions of password protectors and there are free options available as well such as LastPass.

The theme for this year is reading through the decades to coincide with the Queen's Platinum Jubilee, which we will be celebrating as part of Book Week. Each class will be focusing on a different decade. We will send further information home very shortly.

PTA Events

Save the date! The next PTA meeting is on Monday, 23rd May at 3.30pm in the Year 1 classroom. Your children are welcome to attend with you.

Newsletter

Apologies for the last week's newsletter not being sent until Thursday; the children returned from Tower Wood and it was an oversight on our behalf. A copy of the newsletter is always available on the school website and can be found by clicking on the Parents tab on the home page.

Invasion Games Festival

It was billed as hockey festival but was in fact a tag rug festival. However, great fun was had by the Year 5 team of girls who attended.

Stoppers/Breakfast Club

It's so easy to book online for a place at Breakfast Club and / or Stoppers. The children have the opportunity to have lots of fun giving you peace of mind that they are being well looked after. Prices are £3.50 for Breakfast Club and £8.20 for Stoppers.

And finally.... happy May. May you see flowers all around you.
