

Optional homework

Geography

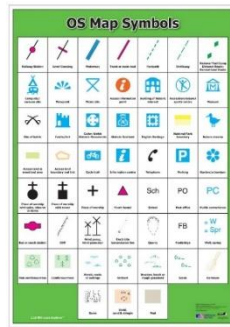

Write

Write a postcard to your parents from a country in Europe. Tell them about the country including the climate, population and the capital city.

Create

Create a map of your local area, including OS symbols for all the facilities.

Draw

Draw a map of all the countries in Europe. Label the countries and colour them all a different colour.

Can you name the other continents?

Explore

Explore different countries in Europe using Google Maps.

Research

Research a country in Europe and create a fact file/poster using all the information you find.

Can you prepare a European dish?

Investigate

Investigate how many human and physical features there are in your local area. List them in a table.
