## Reading Workshop

Thank you to the parents/carers who attended the Reading Workshop delivered by staff this morning. We greatly appreciate the support of parents in encouraging their children to read at home. A great deal was covered in the workshop, from how to help a child when they're struggling with a word to what the statutory test papers look like - we hope all who attended found it useful and informative, and look forward to receiving feedback, which will inform how we run future sessions. The slides from the session can be found on our website: [www.lancasterlane-school.uk/english.html](http://www.lancasterlane-school.uk/english.html)

## Online Safety:

The thoughts of what your child might come across online can be worrying. Here are some of our top online safety advice to make sure going online is a positive experience for you and your child:

### Agree with your child rules for Internet use in your home

- Discuss when and for how long it is acceptable for your child to use the Internet
  - Agree how to treat personal information (name, address, telephone, e-mail)
- Discuss how to behave towards others when gaming, chatting, e-mailing or messaging
  - Agree what type of sites and activities are OK or not OK in our family
- Follow the rules yourself! Or at least explain why the rules are different for adults.

### Let your children show you what they like to do online

To be able to guide your child with regard to Internet use, it is important to understand how children use the Internet and know what they like to do online. Let your child show you which websites they like visiting and what they do there.

### Remember that the positive aspects of the Internet outweigh the negatives.

The Internet is an excellent educational/recreational resource for children. Encourage your child to make the most of it and explore the internet to its full potential.
