Online Safety Tip

Shopping, banking, donating and contests

- If it sounds too good to be true, it's too good to be true. You can't win a contest you didn't enter and there are no Nigerian princes willing to send you money.
- Only shop at reputable online merchants. When in doubt, ask around.
- Never send cash or wire money, Use credit cards if possible, otherwise debit cards or legitimate payment services like Paypal.
- When shopping or banking look for secure sites where the web address starts with HTTPS. The "s" stands for "secure".
- Do some research before donating online to make sure the charity is legitimate and that the money is going to the right place.
- Never give out your social security number, medicare number or any other identification unless you're sure it's necessary, such as applying for credit.
