Online Safety Tip

SWGfL has produced a list of top ten online safety tips for parents.

Here is #1 Staying Safe Online - The Tech

E-safety doesn't just happen. It needs awareness of the possible threats that online activity can bring, and how to deal with them. 1. Learn your way around - Most devices have controls to ensure that kids can't access content you don't want them to. Make sure your "in-app" purchases are disabled to avoid nasty surprises. Check out the Parent's Technology Guide at the UK Safer Internet Centre for more help.
